

# DENTAL ACCIDENT EMERGENCY AND OUT OF HOURS INSURANCE COVER

TAILOR-MADE DENTAL PLANS & PATIENT FINANCE TAKE CONTROL OF YOUR FUTURE

## The optional insurance for CODEplan practices

CODEplan insurance costs just 68p per month per patient. It provides worldwide cover for emergency treatment and up to £100 for a call-out, even at the registered practice, so long as it is outside normal working hours. The cost of emergency treatment is covered if the patient cannot see their usual dentist. The insurance also pays for intra and extra oral accidents and there is a hospital cash benefit.

Emergency insurance adds value to the membership of a dental plan and it can solve your problems of providing out of hours care.

The insurance benefits include:

- Emergency treatment in the UK up to £175
- Out of hours call-out fee up to £100
- Extra-oral trauma up to £10,000
- Intra-oral trauma up to £150 per tooth
- Overseas emergency treatment up to £340 per incident
- Hospital cash benefits of £50 per day

Please see the Policy for full details and exclusions

**All for only 68p per person per month**

## Do I need insurance for my dental plan?

### Out of hours emergency cover

If you are a single-handed practitioner, maintaining an out of hours service can be a big commitment. With CODEplan world-wide insurance, your patients could seek treatment for a dental emergency from any dentist in the world. Larger practices with a number of dentists to share the responsibility might feel that the additional cost of insurance is unnecessary. However, if your practice is targeted towards more expensive treatments, you may decide that patients would expect the higher level of service that emergency insurance provides.

For full details of cover please refer to the Insurance Terms and Conditions, downloadable from the CODEplan website at

# OVERVIEW OF COVER

## CODEplan Dental Accident Emergency and Out of Hours Insurance

TAILOR-MADE DENTAL PLANS & PATIENT FINANCE TAKE CONTROL OF YOUR FUTURE

### DENTAL ACCIDENT

#### Significant features and benefits

Insurance provides compensation for dental accident injuries to natural teeth that result in:

#### DENTAL TREATMENT COSTS

Up to £10,000 in any one year

#### HOSPITALISATION

£50 for each night as a hospital inpatient (maximum 365 nights)

#### Significant exclusions or limitations

The policy does not provide cover for:

- Normal wear and tear
- Any pre-existing condition
- Any damage which is not apparent within 10 days of the accident
- Damage to implants, braces or appliances
- Boxing or rugby injuries where no gum shield is worn
- The first £25 of each claim
- Injuries that are deliberate or self-inflicted or due to participation in criminal acts

No cover is provided for intra-oral accidental injury that occurs within the first 90 days of the start of this insurance

### EMERGENCY AND OUT OF HOURS TREATMENT

#### Significant features and benefits

The insurance provides cover for emergency dental costs incurred for treatment necessary to provide immediate pain relief

Cover only applies for emergency treatment:

- Outside normal surgery hours
- Away from your home in the UK
- Overseas

#### Significant exclusions or limitations

No cover is provided for:

- The same events described under the Dental Accident cover
- The first £25 of each claim for emergency treatment within the UK
- The first £50 of each claim for emergency treatment outside the UK

Note that teeth are covered by the insurance even if there is decay, provided that the patient has attended for regular check-ups and that their dentist has not recommended treatment for the tooth or teeth in question.
